Nursery Happenings!

This term has been super busy at nursery. We have been celebrating Halloween, Bonfire night, Diwali and Remembrance day. We really hope your children enjoyed all the arts and crafts!

Sadly, we said goodbye to Farjana who worked in our preschool room. Farjana was not with us long and left due to moving to a new house. In replacement we have a new apprentice Chloe who has come straight out of college to train with us so do say hello at the door!

Learning Together

- Our older children have been taking homemade playdough home to play with. This is great as it encourages them to build their fine motor skills up!
- We have a book basket in the main entrance so do encourage your children to take a book home to read and return.
- We have enjoyed seeing photos of your children on the nursery story app of what they have got up to at home. So do continue this if you can.

Reminders

Please do bring in spare clothes daily and welly boots for garden time. Thank you!! 😊

Arriving and leaving nursery

Can we kindly ask that those children who start the 9am session to arrive on time please as best you can. All staff will be in ratio with the children including management after this time. If you are running late for the 9am session you may have to wait outside until staff can get cover to leave the room to answer the door. It's not that we are ignoring the doorbell, it's because staff cannot leave the rooms at this time. The doorbell seems to be playing up but do press it hard as it will sound.

This also applies to picking your child up on time. We understand that this happens due to unforeseen circumstances but parents must call us if they are running late. Late fees of £1 per minute will be applied to invoices. Please do remember we are open until 6pm and under council regulations we are not allowed to look after children before 8am and after 6pm. Thank you for your support and understanding.

Reporting your child's absence.

If your child is to unwell to attend nursery please could you let us know via phone call or email. Or send us a message on Nursery Story. If your child has a high temperature, new continuous cough or loss of taste, please do not use a Lateral flow test on them. They would need to get a PCR Covid test at a test site.
